

4-H'ers enjoy bingo with seniors

Members of the Deckers Corners 4-H club joined the residents of Lasata Care Center to play bingo on the morning of Saturday, March 3.

The group showed up early and escorted willing players to the game room for a few hours of fun. The 4-H club members donated plush prizes, pictured at right, for the residents to win and enabled especially hard-of-hearing or seeingimpaired residents to keep track of their bingo cards.

The 4-H'ers were impressed with the number of bingo

winners. This is something the club does every year to in some small way care for beloved community members.
