

How to register and enter a 4-H project at the Ozaukee County Fair!

Hello 4-H families, both members and parents!

I am glad you are entering your projects in the Ozaukee County Fair!
The fair is the highlight of the summer for many of us and we want your fair experience to be a great one.

- Use this PowerPoint Tutorial as a guide for using the 4-H premium book and navigating the process of online entries.

Welcome to exhibiting at the fair, you may be new member going through the process and/or your 4-H members may be Cloverbuds, in kindergarten, 1st or 2nd grade, or beginning 4-H members in the Exploring project.

This tutorial looks at fair entries from the viewpoint of younger members, however, the process can be applied to any of the 4-H project.

The best way to begin entering your projects in the fair is to go to the Ozaukee County Fair website. <https://ozaukeecountyfair.com/>

When you get there, you will recognize it by the brightly lit Ferris wheel at the top. You can find the Premium Books in the main drop-down menu.

The drop-down Menu is found by clicking on these three lines, located on top right side of the webpage

When you click on the drop-down menu the following list of words should appear.

Select or click on Premium Books from the drop down menu.

A second option for finding the premium book is to scroll down on the website's landing page to find these 9 photos.

Cloverbud, Brady's Fair Entries

- Let's look at the 3 projects that Cloverbud, Brady wants to take to the fair.
- Brady wants to enter some cookies; the cookies would be entered as a simple food item (food exhibits are not returned after the fair)
- Brady made a Lego creation, the Lego creation could be an exhibit of his hobby.
- Brady made a toolbox, the wooden toolbox would be the exhibit made from wood.

- Since there is lots of information about the projects in this premium book , it a really handy if you can print out the pages that involve your project. For the Exploring and Cloverbuds, print pages 44 and 45.
- Printing the pages will make it easier as you go into the entry process and prepare your entries to take to the fair. That is when you might check back on the pages and see that 3 cookies would be entered, probably on a disposable plate and they would be covered with plastic or a wrap.

Now that we have the premium book pages selected and printed, and your entries determined, lets go to the website and do the actual entry process.

- The registration page will ask for your address, phone number, email, and birth date. It asks for your county. You may be an Ozaukee County 4-H member who lives in another county, for example Milwaukee or Washington or Sheboygan county. For this fair, use Ozaukee for your county.
- Remember your password
- One question asks for your Premise ID number. That is needed only if you are showing live animals at the fair, whether they are sheep, chickens, dogs, horses or any other livestock. The Premise ID identifies the farm or property that the animal is being raised on.
- For now we will proceed as though you are not showing livestock, and we will return to that discussion in a little while. If you are not showing livestock, leave the premise ID blank. You will be asked to choose your 4-H club on a drop-down list, and there is a place to choose Open Class there too if you enter any items under Open Class.
- Lastly, you can choose to receive your premiums for fair exhibits or donate them back to the fair. For today, let's choose to receive them. Now, you are ready to Create Entries.

- Up to now we have looked at entering Cloverbuds or Explorers. You may be a new 4-H member and also have other projects. If you have Air Rifle or Archery, your projects are in Dept Y-16, Natural Science, listed on pages 39-44 of the premium book.
- You may be enrolled in Drawing and Painting, in Dept Y-18 on pages 45-48 of the book. You will see there that you are limited to 6 entries in each division, and that your work must be matted or framed for display at the fair.
- The Premium Book tells you many things about the judging and exhibit at the fair, and your project leader can also help with any questions you have.

Premise ID

- You will need a premise ID if you have animals at your home and have not previously registered for one. The premise ID is for the location the animals are kept. If your animals are not housed at your home, then you will need to work with the barn owner where the animals are housed. A Premise ID is required by state law for all locations that house livestock. The state website offers more information here: https://datcp.wi.gov/Pages/Programs_Services/PremisesRegistration.aspx.

We wish you the best and hope you enjoy the
Ozaukee County Fair Experience!
